## Wills and Trusts (Revocable vs Irrevocable) That Fit Your Life: Smart Planning Ahead

**Enita Kushi, Attorney at Law**  
Kushi Law Firm, P.A.

Trusts are a powerful estate planning tool used by everyday families to create a more secure future. They can help protect your loved ones from creditors, lawsuits, divorce, and unexpected financial challenges.

A revocable trust offers flexibility and control, allowing you to make changes as life evolves. An irrevocable trust can provide added protection—helping shield assets like a second home or business from potential future creditors or long-term care costs.

And while most irrevocable trusts are “locked,” did you know there are some that can be adjusted—and even let you stay in charge? Now that’s pretty cool.

The Garden Club is dedicated to enhancing the beauty of our landscape.

We have been gradually adding orchids to the trees around the town center.

If you have an orchid that has stopped blooming and you wish to discard it, think of us instead. Donate the orchid(s) to us and we will hang them. Let it bloom from the trees for all to see.

Orchids that seem damaged, but still have a leaf, can be resuscitated.

Nancy Glick and Cindy Duk each recorded 5 holes-in-one, while Debra Bates and Chris Clark each scored 4 and Connie Haacke made 3 holes-in-one. Freddie Zwick made a 2 or better on 17 of the 18 holes, while Nancy Glick, Connie Haacke and Becky Laemel made a 2 or better on 16 of the 18 holes. A good time was had by all. By popular demand, another ladies' putting tournament will be held in November. Stay tuned for the announcement.

#### Lakes Committee Notes – October 24th, 2025

We are in the process of planting our fall 2025 littorals. This will include 17,400 plants consisting of Arrowhead, Pickerelweed, Golden Canna and Blue Flag Iris on 11 of our ponds.

We do this to help stabilize our shoreline, reduce the nutrients load, reduce algae bloom, enable habitat for fish and birds and beautify the lakes. We have over 18 miles (95,000 feet) of shoreline in Island Walk which is an area equivalent in the gulf from Naples pier to Big Hickory Pass in Estero.

We are now in the process of planning the plantings and erosion control for 2026.

You can help us by letting us know if you need or would like some littoral plants behind your home. Also please check to see if you have any erosion or washouts. We have a lot of shoreline to check, a limited budget and a small committee, so we can't check everywhere. We need your comments. Please email us at [iwlakeeyes@gmail.com](mailto:iwlakeeyes@gmail.com).

Thanks. Our next committee meeting is Tuesday, November 11th at 10:30am in the Tahiti room.
